

PIERRE DE COUBERTIN

OCTOBER 2020 NEWSLETTER

COVID 19

In view of the Covid 19 situation, we would ask that parents refrain from entering the school building. If your child is arriving late in the morning, please accompany him//her to the door but refrain from entering the building. Our aim is to limit visitors in the building.

Our staff and students sanitize their hands every time they enter the building. Sanitizing stations are also placed outside the student's bathrooms. We also keep each class in their bubble during class time, recess /lunch recess and during lunch time. This limits the exposure of spreading the virus from one person to the other.

Our caretakers have been sanitizing the high touch areas every 2 hours. All staff members are also going beyond and cleaning the different areas of the school such as the student's desk, chairs, library, computer lab and more.

OPEN HOUSE

Our Open House will be held on November 19. We are working on posting videos and pictures that will give everyone a sense of what we do at Pierre De Coubertin. More info to follow.

MILK PROGRAM

The milk program is in full force once again. This program is open to all children who wish to have milk in the morning.

PROGRESS REPORTS

You will receive your child's progress report on October 15, 2020 via Mozaik. The intent of this report is to provide you with an understanding of your child's academic progress and regarding his/her behaviour.

MEDICATION AT SCHOOL

Students are NEVER allowed to have medication (including cough drops) of any kind in their possession. If your child is required to take medication prescribed by a doctor while at school, a **Consent Form signed by the parent must be given to the school secretary. This must be accompanied by the medication in the original container from the pharmacy (including**

dispensing label), with the doctor's name clearly visible on the label. No medication will be given to a child unless it is prescribed by a doctor. A student is encouraged to wear an allergy belt which holds their EpiPen. If your child has asthma, a pump must be kept at school. The child may not keep it in the school bag.

Social Media

Pierre de Coubertin is on Facebook! Like our page at <https://www.facebook.com/pdcemsb/> for the latest pictures, videos and much more.. For all other questions, please visit our website at <http://www.emsb.qc.ca/pierredecoubertin> where you will find more in depth information about the school.

Wishing you a harvest of blessings, good health and good times. May you enjoy this celebration with your family full of laughter and peace. Happy Thanksgiving from the PDC staff.
